BE IT ORDAINED AND ENACTED BY THE COUNTY COUNCIL OF CHESTERFIELD COUNTY, SOUTH CAROLINA:

SECTION 1

For the fiscal year commencing July 1, 2021, and extending through June 30, 2022, the following sums, if necessary, are hereby appropriated by the Chesterfield County Council from the General Fund of Chesterfield County to meet the ordinary expenses of the County as herein indicated.

SECTION 2

All appropriations made and provided herein shall lapse, cease and terminate at the end of the fiscal year for which they are made, except those appropriations for payment of bonds or notes or interest on bonds or notes, which shall remain effective until such bonds, notes or interest is paid and that of the other Non-General funds. County Council may in its discretion approve the carry-over of funds in specified accounts of the General Fund as recommended by County Administrator.

SECTION 3

All departments, divisions, and outside agencies which accept funds appropriated by Chesterfield County Council through this budget are expected to fully and willingly comply with the fiscal, personnel, and operational policies set forth in it, as well as any such policies which may be legally adopted by County Council during the course of the fiscal year this budget covers. Failure of any recipient of Chesterfield County funding to abide by the policies of Chesterfield County Council may result in immediate withdrawal of funding.

SECTION 4

No money appropriated for any department under the provisions of this ordinance shall be used for any other department than that specified, unless the majority of the Chesterfield County Council, in its discretion transfers or re-allocates budgeted but unexpended funds from one office, department, board, commission, or institution to another. Any amount appropriated in this ordinance may be discontinued at any time by appropriate action of a majority of the county governing body. Employees whose salaries are provided for in this budget are subject to the policies and procedures established in the Chesterfield County Employee Handbook. Failure to comply with procedures outlined in the Employee Handbook is just cause to withhold compensation.

SECTION 5

All county purchases shall be made in accordance with the ordinance establishing the Procurement Policy for the purchase of goods and services required by the county, in conformity with purchasing policies and procedures established and approved by the county governing body. The appropriations provided in this ordinance shall not in any case be exceeded, and any contracts which may be made or which may in any manner provide for the expenditure of funds in excess of those provided or without the proper authorization through Chesterfield County Council's Procurement Policy as specified in this ordinance shall not be binding upon Chesterfield County. Procurement outside of County Council's Procurement Policy shall result in personal responsibility for payment, and not from Chesterfield County. Any person, firm, corporation or other organization selling supplies or commodities or rendering services to Chesterfield County is charged with the duty of ascertaining in advance whether or not the appropriations for that purpose are sufficient to pay for the furnishing of such supplies, commodities or services. Buying without first obtaining a Purchase Order is prohibited.

SECTION 6

The County Administrator shall oversee and supervise the day-to-day, proper implementation of this Ordinance. The County's Finance Director shall provide to the Administrator throughout the fiscal year a monthly financial report detailing, by account, expenditures made by County Departments. Also included shall be a monthly, up-to-date revenue report detailing revenues received for the County government. These monthly reports shall be submitted on a timely basis so that the Administrator may make decisions based on the most accurate and latest financial information.

SECTION 7

Proper fiscal management may require that reductions in departmental staffing be made during the fiscal year in order to adjust for excessive total employee compensation on a year-to-date basis. The Finance Director shall advise the department, division, or agency when a line item is over-spent. The department, division, or agency shall submit an explanation in writing, along with a plan for reducing the over-expenditure. This plan must be approved by the Administrator. Where continuous (more than two months) over-runs (expenditures in excess of budgeted amounts) are experienced, a meeting with the Administrator or designee and Finance Committee shall be held for review. The Finance Committee may recommend that Council pass a Resolution directing the Administrator to consider one or a combination of the following options if reconciliation of the excess expenditure cannot otherwise be accomplished:

1. A reduction in the department's employees' days per week, accomplished by work shift adjustments.
2. A reduction in the department's employees' hours per day, accomplished by work shift adjustments.
3. A reduction of the department's staff size.
4. An across-the-board reduction in pay of the departments' employees.

If there are unreconciled over-runs at year end, a Resolution may be passed by Council to amend the new budget for the purpose of reducing that department's line-item budget for the amount of the over-run.

SECTION 8

The County Administrator, Elected Officials, or any Department Head may not establish or fund any new position without the knowledge and consent of County Council. Budgeted positions that become vacant shall remain unfilled for a sufficient period of time to recover the payout costs associated with the departing employee within the object classification personnel codes (salaries and fringe) of the respective office or department.

The County's Human Resource Director shall inform a new employee of the date that he/she will begin employment. All documentation and the results of the drug test must be completed before an employee will be entered into the payroll system. Anyone that begins work without written approval from Human Resources will be considered a volunteer and will not be entitled to receive payment from the County.

SECTION 9

The County Administrator will keep separate departmental accounts in accordance with Governmental Accounting Standards as promulgated by the Governmental Accounting Standards Board (GASB) and financial reporting procedures as approved by the independent auditing firm designated pursuant to SECTION 15 herein. No Department Head is to exceed in expenditures the total amount budgeted per department, nor exceed the limits in any one budget line item without express consent of the Administrator, without being held liable on their official bonds.

The County Administrator shall make available monthly statements of expenditures and/or balances to each member of the County Council. Any contract made in violation of this Ordinance shall be null and void, and shall not constitute a valid claim against Chesterfield County.
